\$125 pre-conference only

\$25 if you are already registered for the CAG conference

In 20 years the baby boomers will all be seniors; can Canadian product, housing, transportation and community design accommodate this shift? This one-day workshop will examine how current research is informing development of Age-Friendly environments to promote health and quality of life.

The workshop will be of interest to planners, developers, service providers, decision makers, gerontologists, seniors, and baby boomers.

Richard Milgrom, University of Manitoba

8:30–8:40 a.m.

Welcoming remarks

Jim Hamilton, Public Health Agency of Canada

8:40–9:00 a.m.

Age-Friendly Communities: A shared responsibility

Gerald Hodge, Queen's University

9:00–9:45 a.m.

Planning for population aging at the community level

Todd Litman, Victoria Transport Policy Institute

9:45–10:30 a.m.

Don't stop thinking about tomorrow: Implications of population aging on transportation and community planning

Age-Friendly environment audit exercise

10:30–12:00 p.m.
